CA Communities

ca technologies

What are CA Online Communities?

A place where members can go every day to collaborate about CA's software solutions.

It is where we help one another solve problems, learn, connect and share information. It offers an opportunity to improve products, process, and invent new ways to get things done – faster & better.

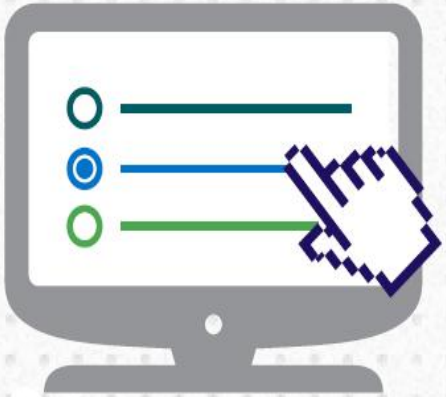
CA Communities are Open for Business 24/7/365

CA Community Mission:
Power of Community: Learn. Connect. Share.

- **Learn:** Understand exactly how community members are using CA products today – and what they want from them in the future.
- **Connect:** Join a network of advocates and experts (customers, partners & CA employees) and help expand the knowledge level around CA products and capabilities.
- **Share:** Offer answers, tips and tricks – your unique insights – to help each other maximize the value of your CA products

Ideation: Direct say in CA Technologies products roadmap

Submitting ideas for product enhancements



Voting on and discussing ideas from other community members

Opting into product validation programs to test incremental process and provide feedback that will influence the next software iteration

5 of the 9 marquee features for the CA Clarity 13.3 release came directly from its Global User Community, which receives **~100 ideas per month**
