To: CA Workload Automation iDash Customers  
From: The CA Technologies CA Workload Automation iDash Product Team  
Subject: General Availability Announcement for CA Workload Automation iDash

On behalf of CA Technologies, we appreciate your business and the opportunity to provide you with high-quality, innovative software and services. As part of our ongoing commitment to customer success, we regularly release updated versions of our products. Today, we are pleased to announce that CA Workload Automation iDash R12.0.05.00 is now available and along with the bug fixes the new features in this release include:

- AutoSys job run reports now include manually set statuses.
- Improved forecasting for externally demanded or dataset triggered CA 7 jobs.
- Capability in CA 7 Job Runs reports to choose an option to view the job trend statistics for the CA 7 jobs specified in the CA 7 Job Run report definition.
- Improved processing of updated CA 7 Schedule Scan parameters.

We encourage you to visit the CA Workload Automation iDash product information page on the CA Support Online website at <https://support.ca.com/>. Also for more information visit <https://docops.ca.com/ca-workload-automation-idash/12-0/en> to view the technical documentation for R12.0.05.00.

You can download your copy of CA Workload Automation iDash R12.0.05.00 from CA Support Online <https://support.ca.com/>. If you have any questions or require assistance contact CA Customer Care online at <http://www.ca.com/us/customer-care.aspx> where you can submit an online request using the Customer Care web form: <https://communities.ca.com/web/guest/customercare>. You can also call CA Customer Care at +1-800-225-5224 in North America or see <http://www.ca.com/phone> for the local number in your country.

Should you need any assistance in understanding these new features, or implementing this latest release, our CA Services experts can help.
