

General Availability Announcement

October 2015

To: CA File Master™ Plus Customers
From: The CA Technologies CA File Master Plus Product Team
Subject: General Availability Announcement for Complete Release of
CA File Master Plus

On behalf of CA Technologies, we appreciate your business and the opportunity to provide you with high-quality, innovative software and services. As part of our ongoing commitment to customer success, we regularly release updated versions of our products. Today, we are pleased to announce that the 'complete' release for CA File Master Plus Release 9.1.00 is now available. The incremental release program for CA File Master Plus 9.1 has formally concluded. All new features and maintenance introduced during the program have been incorporated into this 'complete' release for CA File Master Plus 9.1.

To see a list of the new features, see the CA File Master Plus 9.1 *Release Notes*.

We encourage you to visit the CA File Master Plus product information page on the CA Support Online website at <https://support.ca.com/> for more information.

You can download your copy of CA File Master Plus 9.1 from CA Support Online <https://support.ca.com/>. If you have any questions or require assistance contact CA Customer Care online at <http://www.ca.com/us/customer-care.aspx> where you can submit an online request using the Customer Care web form: <https://communities.ca.com/web/guest/customercare>. You can also call CA Customer Care at +1-800-225-5224 in North America or see <http://www.ca.com/phone> for the local number in your country.

We recommend that you use CA Chorus™ Software Manager (CA CSM) (formerly known as CA Mainframe Software Manager™ (CA MSM)) to download and install CA File Master Plus. CA CSM is designed to automate product acquisition, installation, deployment, configuration and maintenance and remove SMP/E complexities. CA CSM helps save time and resources when compared with the manual steps used to perform these tasks. CA File Master Plus can be used with CA CSM today. Please visit:
