Product Announcements & Updates

[Swimlanes on Team Board](#): By enabling these on team board users can highlight different types of demand more clearly and empower teams to focus on work that demands special attention.

[Saved and Shared Views on Work Views and Team Board](#): We've heard you loud and clear, you love the new pages, but it is frustrating not being able to share your view with your team. Well now you can!

[Advanced Filtering](#): Team Board, Work Views, QDP Collections, and Quality Management all allow users to dive deeper into their data than ever before.

[Quick Detail Responsive Resizing available in Labs](#): By enabling this lab, users will be able to drag the QDP panel, resizing it up to the full screen width.

[Created By On All Artifacts](#): Do you ever want to look at all of the stories that you created? Or perhaps all of the artifact that someone created? Now you can!
