

End of Service Announcement

OPS/MVS® Event Management and Automation

November 2021

To: OPS/MVS® Event Management and Automation Customers
From: The OPS/MVS® Event Management and Automation Product Team
Subject: End of Service Announcement for OPS/MVS® Event Management and Automation 13.5

CA Technologies, a Broadcom Company is continually working to improve our software and services to best meet the needs of our customers. In accordance with the [Broadcom Software Maintenance Policy Handbook](#), please consider this email your written notification that we are discontinuing technical support for OPS/MVS® Event Management and Automation (OPS/MVS) 13.5 effective May 31, 2023. This will allow our development organization to more effectively focus its resources and add value to the next release of OPS/MVS. After May 31, 2023, Broadcom will continue to make self-service support available until the end of your current maintenance term.

We encourage you to plan for the migration to OPS/MVS 14.0 as soon as possible, so you can take full advantage of the features and enhancements this release has to offer. For information on OPS/MVS, please visit the OPS/MVS pages at [Support](#).

As Broadcom would like to make your upgrade to OPS/MVS 14.0 as straightforward as possible, we are offering the following:

- The latest supported Version/Release of OPS/MVS 14.0, at no charge, as long as you have an active maintenance contract for OPS/MVS. Documentation to help you prepare for your upgrade to the new Version/Release can be viewed on the OPS/MVS pages at [Support](#).
- Accelerated time-to-value when you engage CA Services to assist you with any or all parts of your upgrade. Additional information can be found at the [CA Services](#) site. Please contact your account representative to receive a quote for such services.
- Upgrade assistance from qualified local CA partners. For more information and a list of partners in your area, please contact your local [CA Channel Partner Group office](#).

Your success is very important to us, and we look forward to continuing our successful partnership with you.
