Ca World "15

November 16-20, 2015 Mandalay Bay Resort & Casino Las Vegas, Nevada

Register now at ca.com/caworld

THE APPLICATION ECONOMY IS HERE. SEIZE YOUR OPPORTUNITY.

Why Come to CA World for Infrastructure Management?

You need to improve engagement with your customers and enable your employees and partners with convenient access to information, all while protecting against insider threats and external attacks. Learn how to transform your business to both enable and protect your open enterprise. CA provides flexible and scalable identity-centric security across Web, mobile, SaaS and APIs. Come hear about the latest market trends, product strategy and roadmap, customer and partner successes.

This year's Content Area highlights:

- 36 customer, partner and CA-led sessions covering Infrastructure Management
- 9 Hands-on Labs to give you a deep dive into the latest technology
- 5 Pre-con education sessions to help you gain a better understanding of the solutions
- 11 customer case studies for insight into how the solutions are used by other organizations
- 7 Technology primers and Tech Talks that offer a better understanding of the solutions
- 3 Vision and roadmaps sessions for a glimpse of the future
- A panel discussion and lively discussion on Infrastructure Management

CIOs, CTOs, VPs & Directors of IT Operations, IAM Program & Project Managers, Security Architects, Line of Look Who's Coming: Business Executives and security professionals from some of the world's best companies, including:

Aflac ٠

Infrastructure Management Sessions

		Monday, November 16, 2015	
1:00 - 3:15 pm	Surf C-D	CA Service Operations Insight 4.0 Deep Dive	Pre-con Education
3:30 - 6:00 pm	Surf C-D	CA Performance Management 2.6 Deep Dive	Pre-con Education
		Tuesday, November 17, 2015	
9:00 am - 12:00 pm	Surf C-D	CA Unified Infrastructure Management Advanced Functionality	Pre-con Education
1:00 - 2:45 pm	Surf C-D	How to Track Performance and Fault in a Multi-Layer, Software-Defined Networking (SDN) Environment	Pre-con Education
3:00 - 5:00 pm	Surf C-D	CA Spectrum [®] Just Keeps Getting Better and Better	Pre-con Education
3.00 - 3.00 pm	Sull C-D		
		Wednesday, November 18, 2015	-
12:15 - 12:45 pm	Theater 5	Intel Corporation - The Benefits of, and Need for Agile Operations in Network Transformation	Case Study Session
1:00 - 1:45 pm	Theater 5	Agile Infrastructure Management for the Application Economy	Vision and Roadmap
3:45 - 4:15 pm	Breakers B	University of California Shares Tips and Tricks for Leveraging CA Unified Infrastructure Management APIs to Expand Monitoring for Existing and Custom Technologies	Case Study Session
2:00 - 2:45 pm	Breakers B	TriZetto and University of Chicago Discuss Modernizing Your IT Infrastructure Monitoring Approach to Meet the Needs of Application Economy	Panel Discussion
2:00 - 2:45 pm	Breakers D	The Road Ahead for CA Spectrum [®] Infrastructure Management (CA Spectrum)	Vision and Roadmag
2:00 - 2:45 pm	Surf C-D	Increase Velocity with the CA Performance Management OpenAPI Feature	Hands-On Lab
2:00 - 2:45 pm	Surf E-F	Identifying Application Delivery Performance Problems with CA Network Flow Analysis and CA Application Delivery Analysis	Hands-On Lab
3:00 - 3:30 pm	Breakers B	Ball Corporation Spurs Customer Experience and Staff Productivity with a Proactive Approach to IT Monitoring	Case Study Session
3:00 - 4:15 pm	Surf C-D	Integrate Your Monitoring Tools into an Automated Service Impact Analysis and Ticketing System	Hands-On Lab
3:00 - 4:15 pm	Surf E-F	Test Drive the New Features in CA Unified Infrastructure Management 8.3 and beyond	Hands-On Lab
3:00 - 3:30 pm	Theater 5	Self-Certify New Devices with the CA Unified Infrastructure Management SNMP Collector	Tech Talk
3:45 - 4:15 pm	Breakers D	Railinc Ensures the Links in our Nation's Supply Chain are Unbroken with CA Spectrum	Case Study Session
4:30 - 5:15 pm	Breakers B	Application-Aware Network Monitoring Solutions for UIM	Vision and Roadma
4:30 - 5:15 pm	Breakers D	Ramping Up for the Application Economy with Carrier-Grade Performance Management	Vision and Roadma
4:30 - 5:15 pm	Surf E-F	How to Leverage User Interface Updates with CA Spectrum® for Operational Efficiency	Hands-On Lab
		Thursday, November 19, 2015	
l1:30 am - 12:00 pm	Theater 5	Blackhawk Networks Ensures Business Service Reliability Across Hybrid IT Infrastructures	Case Study Session
12:15 - 12:45 pm	The set of 5	Leverage the Combined Power of CA Unified Infrastructure Management, CA Network Flow Analysis and CA Application Delivery Analysis	Tech Talk
	Theater 5
