

General Availability Announcement

June 17, 2019

To: CA Harvest Software Change Manager Customers
From: The CA Harvest Software Change Manager Product Team
Subject: General Availability Announcement for CA Harvest Software Change Manager V13.0.4 Refresh Pack

On behalf of CA Technologies, a Broadcom Company, we appreciate your business and the opportunity to provide you with high-quality, innovative software and services. As part of our ongoing commitment to customer success, we regularly release updated versions of our products. Today, we are pleased to announce that CA Harvest Software Change Manager (SCM) V13.0.4 Refresh Pack is now available.

Some of the new features, enhancements, and certifications included in this Refresh Pack are:

- Cloud Enablement: Harvest product is now enabled to be deployed on cloud. Supported cloud instances are AWS® and Microsoft Azure®
- RESTFUL API's: Availability of REST API interface for select administrator functions related to users/user groups, workbench function UDP (User Defined Program)
- Added Support for Databases - Oracle® 12.2 and SQL Server® 2017
- Added Support for Eclipse® IDE's 4.9, 4.10 and 4.11

We encourage you to visit the CA Harvest SCM V13.0.4 product documentation page at <https://docops.ca.com/ca-harvest-scm/13-0/en> to learn more about the Refresh Pack.

You can download your copy of CA Harvest SCM V13.0.4 Refresh Pack online at <https://support.ca.com/> where you can also utilize CA's case management system. To install your product, within *Download Management* section use *Solution Download* page and select Solution ID number SO08840. If you have any questions or require assistance, contact CA Customer Care online at <https://www.ca.com/us/customer-care.aspx>.

Note: CA Harvest SCM V13.0.4 Refresh Pack requires CA Harvest SCM V13.0.3 as base release. If you are not already using CA Harvest SCM V13.0.3, please upgrade to that version prior to installing CA Harvest SCM V13.0.4 Refresh Pack.

Should you need assistance in understanding these new features or in implementing this latest Refresh Pack, CA Services and/or services partners can help. For information about how these service experts can help you, contact your CA account representative.
