

October 2017

To: CA Dynamic Capacity Intelligence for z Systems® Customers  
From: The CA Technologies CA Dynamic Capacity Intelligence Product Team  
Subject: General Availability Announcement for CA Dynamic Capacity Intelligence

On behalf of CA Technologies, we appreciate your business and the opportunity to provide you with high-quality, innovative software and services. As part of our ongoing commitment to customer success, we regularly release updated versions of our products. Today, we are pleased to announce that CA Dynamic Capacity Intelligence 1.5 0200 is now available.

For a list of the product enhancements, see the Release Information section of the documentation <https://docops.ca.com/dci>. We also encourage you to visit the CA Dynamic Capacity Intelligence product information page on the CA Support Online website at <https://support.ca.com/>.

You can download your copy of CA Dynamic Capacity Intelligence 1.5 0200 from CA Support Online <https://support.ca.com/>. If you have questions or require assistance, contact CA Customer Care online at <https://www.ca.com/us/services-support/ca-support/contact-support.html>, where you can submit an online request using the Customer Care web form: <https://comm.support.ca.com/csupport/CustomerCareForm>. You can also call CA Customer Care at +1-800-225-5224 in North America or see <http://www.ca.com/phone> for the local number in your country.

We recommend that you use CA Chorus™ Software Manager (CA CSM) (formerly known as CA Mainframe Software Manager™ (CA MSM)) to download and install CA Dynamic Capacity Intelligence. CA CSM is designed to automate product acquisition, installation, deployment, configuration and maintenance and remove SMP/E complexities. CA CSM helps save time and resources when compared with the manual steps used to perform these tasks. CA Dynamic Capacity Intelligence can be used with CA CSM today. To learn more about the new features provided by CA CSM, please visit: <https://support.ca.com/us/product-information/ca-chorus-software-manager.html>.

Should you need assistance in understanding these new features or implementing this latest release, our CA Services experts can help. For more information about CA Services and how you can leverage our expertise, please visit [www.ca.com/services](http://www.ca.com/services). To connect, learn and share with other customers, join and participate in our CA Mainframe Performance Management CA Community <https://communities.ca.com/community/ca-mainframe-performance-management/content?filterID=contentstatus%5Bpublished%5D~category%5Bca-dynamic-capacity-intelligence%5D>.

To review our CA Technologies Support Policy and Terms, please visit: <https://support.ca.com/>

Thank you again for your business.
