# Product Announcements & Updates

*User Top Voted Idea!*
**Closed Projects**: One of the top voted ideas in the Agile Central Idea Manager is requesting the ability to delete projects and workspaces. Familiarize yourself with the common situations where you would want to close a project or workspace, and learn how to close them yourself.
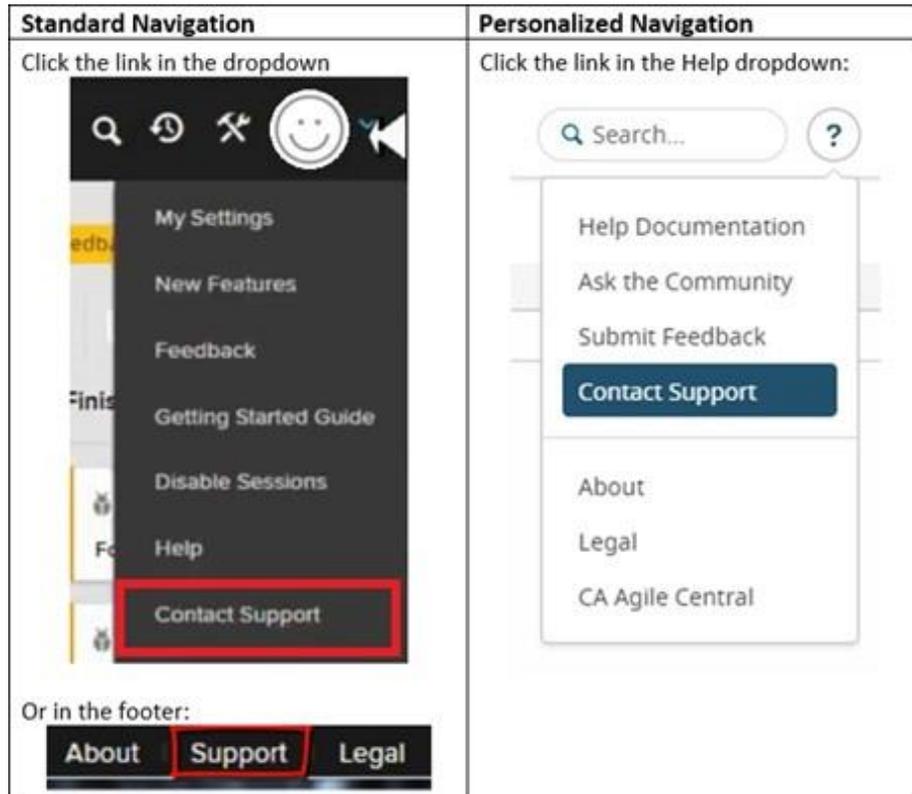

*Now Generally Available*
**User-Type Custom Fields**: A new type of custom field populated with your Agile Central user list is now generally available.

**New Quality Management Page**: Quality Management provides a new, modern experience for managing and organizing test cases and test folders in Agile Central. This page is available under the Quality Menu.

# Need Help? Easily Access CA Support

Get support directly from the CA Agile Central platform. Whether you are opening a support case or asking a quick question via chat, access to our support team is just one click away.
