 - Submit your idea to enhance the product / Vote for an idea
- Useful Links

Introduction

Welcome to the Guide for the CA User Group members.

This guide is designed to help user group members in Europe get familiar with the CA Communities new platform. It is also intended to provide some Best Practices to help members get involved in their User Group activities & be active contributors.

How can I get involved with the User Group ?

1) Join the User Group to become member

1. <https://communities.ca.com/groups/ca-gen-edge>
2. **Login** (email / password) - use your Support identification, or create an account
3. Click on **“Ask to join this group”**. Your request will be reviewed then Approved

The screenshot shows a web browser window with the URL <https://communities.ca.com/places?query=gen>. The page displays a navigation menu with options like Home, News, Communities, Browse, Help, and Apps. Below the navigation, there are tabs for 'All Places', 'Spaces', 'Projects', and 'Groups'. A search bar contains the text 'gen', and a dropdown menu shows 'Sort by latest activity: newest first'. The main content area displays a list of search results for 'gen'.

3) Be active contributor

Get involved in the user group activities (as User Group member, or Board member)

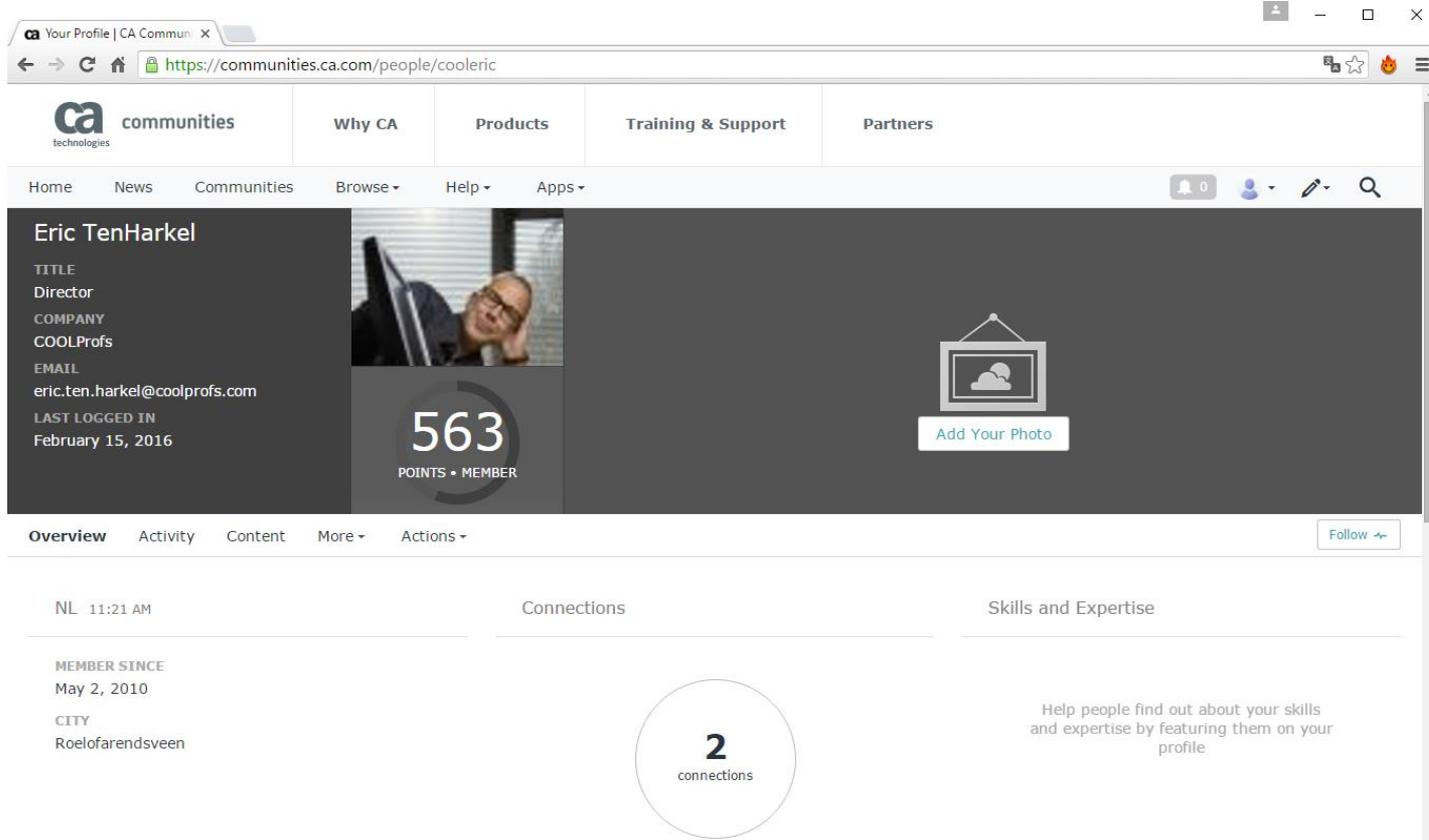

- Make suggestions, ideas, Topics for the next UG meeting, ...
- Contribute to enhance the CA solution (Ideation ...)
- Today's presentations will be posted here:

The screenshot shows a web browser window displaying the CA Communities website. The URL is <https://communities.ca.com/groups/edge-nederland-allfusion-gen-gebruikersgroep/content>. The page features a navigation bar with the CA Technologies logo and menu items: Why CA, Products, Training & Support, and Partners. Below this is a secondary navigation bar with Home, News, Communities, Browse, Help, and Apps. The main content area has a header for 'EDGE Benelux - Benelux user group for CA Gen' with options to Configure, Invite, Follow (1 stream), and Leave group. A sub-navigation bar includes Overview, Activity, Content, People, Reports, and Calendar. The 'Content' section shows 'All Content (9)' with filters for Documents (5), Discussions (3), and Events (1). A table lists content items, with the most recent being 'EDGE - Benelux CA Gen User Group meeting - 16 February 2016' by Abdel_Laabi, posted on January 15, 2016, at 12:03:53 PM, with 40 views and 1 like.

Connecting with people

- 1) Click on **People** tab and use the sorting options to filter and find relevant people
- 2) Click on **Follow** tab on the bottom right and choose whether to follow that user via your inbox or connections stream.
- 3) Click on **Message** tab on the bottom right to send private message

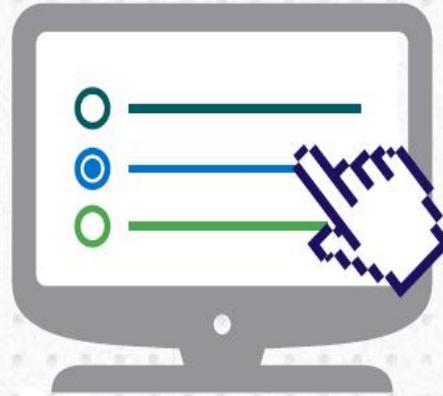

The screenshot shows a web browser window displaying a user profile on the CA Communities website. The browser address bar shows the URL <https://communities.ca.com/people/cooleric>. The website header includes the CA Technologies logo and navigation links for Why CA, Products, Training & Support, and Partners. Below the header, there are navigation tabs for Home, News, Communities, Browse, Help, and Apps. The main profile area features the name Eric TenHarkel, his title as Director, and his company as COOLProfs. His email address is eric.ten.harkel@coolprofs.com, and he last logged in on February 15, 2016. A circular badge indicates he has 563 points as a member. There is a placeholder for a profile picture with an "Add Your Photo" button. Below the profile information, there are tabs for Overview, Activity, Content, More, and Actions. The Overview tab is selected, showing a section for Connections with a circular badge indicating 2 connections. Other sections include Skills and Expertise and Member Since (May 2, 2010).

Ideation : Submit & vote for Product Enhancement ideas

Submitting ideas
for product
enhancements

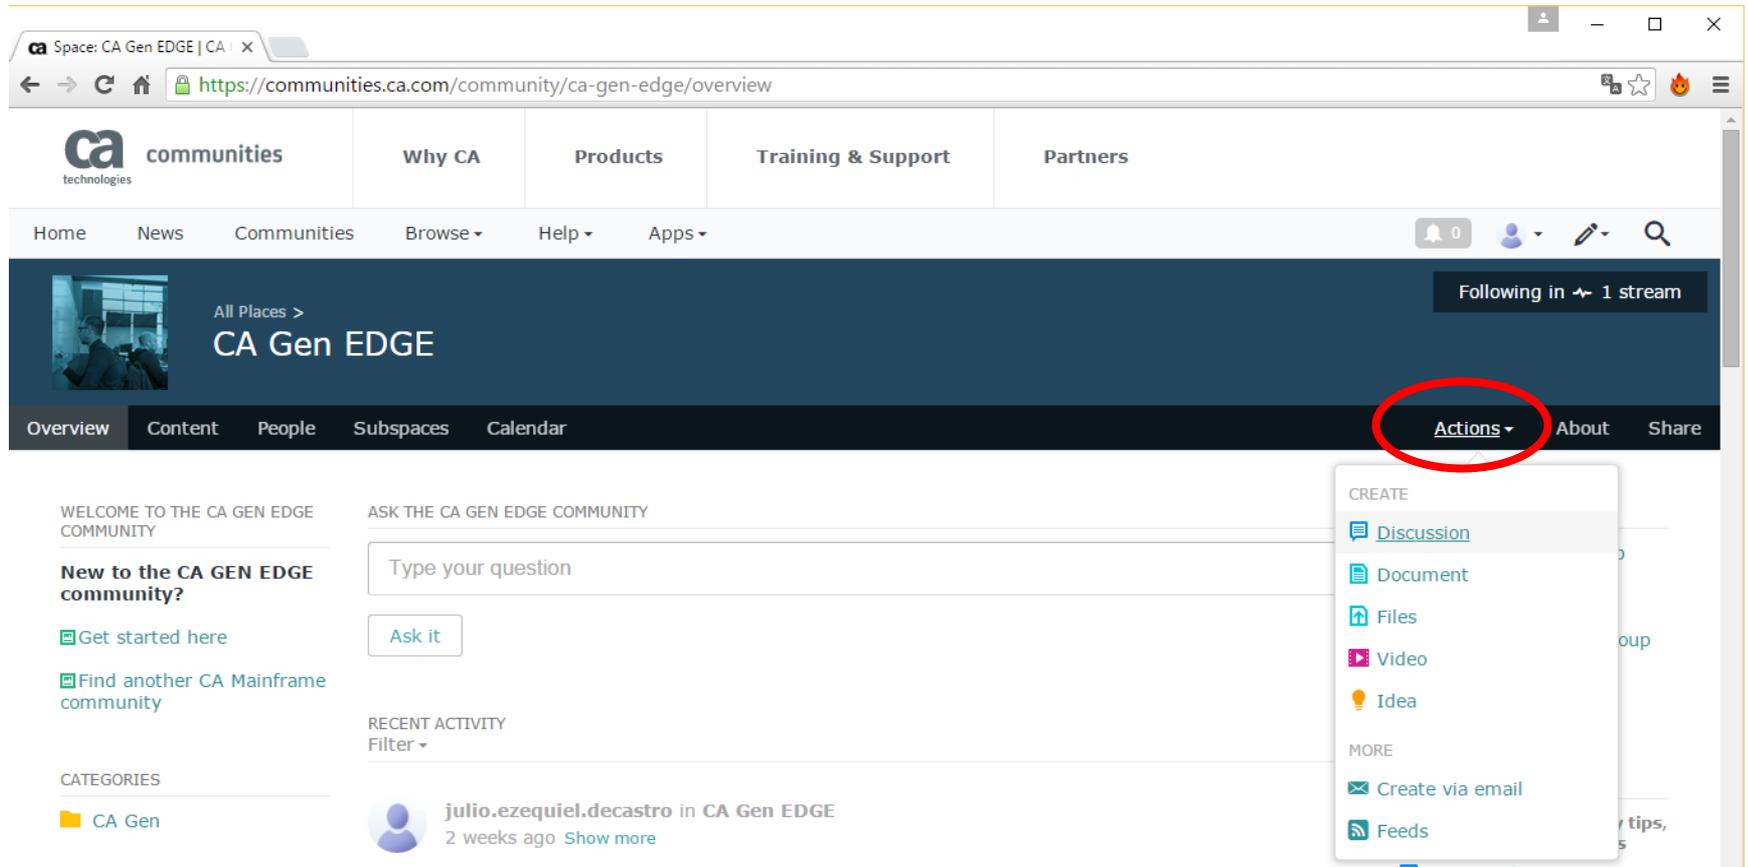

Voting on and discussing
ideas from other
community members

Opting into product validation
programs to test incremental process
and provide feedback that will
influence the next software iteration

Ideation : Submit ideas for product enhancements

- 1) Global Community : <https://communities.ca.com/community/ca-gen-edge>
- 2) Login (email / password)
- 3) Click on **Action** on the top, then **Idea**

The screenshot shows a web browser window displaying the CA Gen EDGE community page. The URL is <https://communities.ca.com/community/ca-gen-edge/overview>. The page features a navigation bar with the CA Technologies logo and links for 'Why CA', 'Products', 'Training & Support', and 'Partners'. Below this is a secondary navigation bar with 'Home', 'News', 'Communities', 'Browse', 'Help', and 'Apps'. The main content area has a dark header with 'All Places > CA Gen EDGE' and a 'Following in 1 stream' indicator. A red circle highlights the 'Actions' dropdown menu in the top right corner of the main content area. The dropdown menu is open, showing options: 'CREATE', 'Discussion', 'Document', 'Files', 'Video', 'Idea', 'MORE', 'Create via email', and 'Feeds'. The 'Idea' option is highlighted. Below the navigation, the page content includes a 'WELCOME TO THE CA GEN EDGE COMMUNITY' section, a 'New to the CA GEN EDGE community?' section with 'Get started here' and 'Find another CA Mainframe community' links, and a 'RECENT ACTIVITY' section showing a post by 'julio.ezequiel.decastro in CA Gen EDGE' from 2 weeks ago.

Ideation : Vote for ideas from community members

- 1) Click on **Content** tab,
- 2) Click on **Ideas** (💡) to list all the ideas

The screenshot shows the CA Gen EDGE community page. The browser address bar displays the URL: <https://communities.ca.com/community/ca-gen-edge/content>. The page header includes the CA Technologies logo and navigation links: Why CA, Products, Training & Support, and Partners. Below the header is a secondary navigation bar with links: Home, News, Communities, Browse, Help, and Apps. A search bar and notification bell are also present.

The main content area features a dark blue header for "CA Gen EDGE" with a "Following in 1 stream" indicator. Below this is a navigation bar with tabs: Overview, **Content** (circled in red with a red "1" above it), People, Subspaces, and Calendar. The "Content" tab is selected.

Under the "Content" tab, there are several icons for filtering content: a document, a list, a bar chart, a calendar, a lightbulb (circled in red with a red "2" above it), and a video icon. The "All Content (978)" section is visible, along with a filter dropdown set to "None" and a checkbox for "Filter by shared content".

Below the filters, there is a search bar and a "Sort by latest activity: newest first" dropdown. The main content area displays a list of ideas in a table format:

Support multiple monitors in the toolset

Created on Oct 3, 2014 7:50 PM by John Carter ca - Last Modified: Jan 8, 2016 9:04 PM

13 You have voted up. UNDER REVIEW

We would like Gen to support multiple monitor configurations. With more and more developers using laptops with external monitors as well this is becoming a common configuration and therefore support for this is a requirement going forward. We have experienced problems with multiple monitors when trying to use the PAD search facility so we would therefore like to see these addressed.

Categories: CA Gen Tags (edit): monitor, toolset, dual

Adding to this idea on improving to just dual-monitor configuration, the improvement could be to any number of multiple monitors.

VOTE HISTORY

Douglas.Seaver THORSTEN FIEDLER

Ideation : Benefits

- Enables transparency and turns enhancement requests into conversations
- Places context around the priority and value of an idea
- Maximizes the input of our customers into our development process
- Provides a timely decision for customers' ideas
- Keeps customers informed of decision and status changes
- Builds trust with our customers that we are building products based on open, transparent and collaborative process

Thank you
