Introduction

Welcome to the Guide for the CA User Group members.

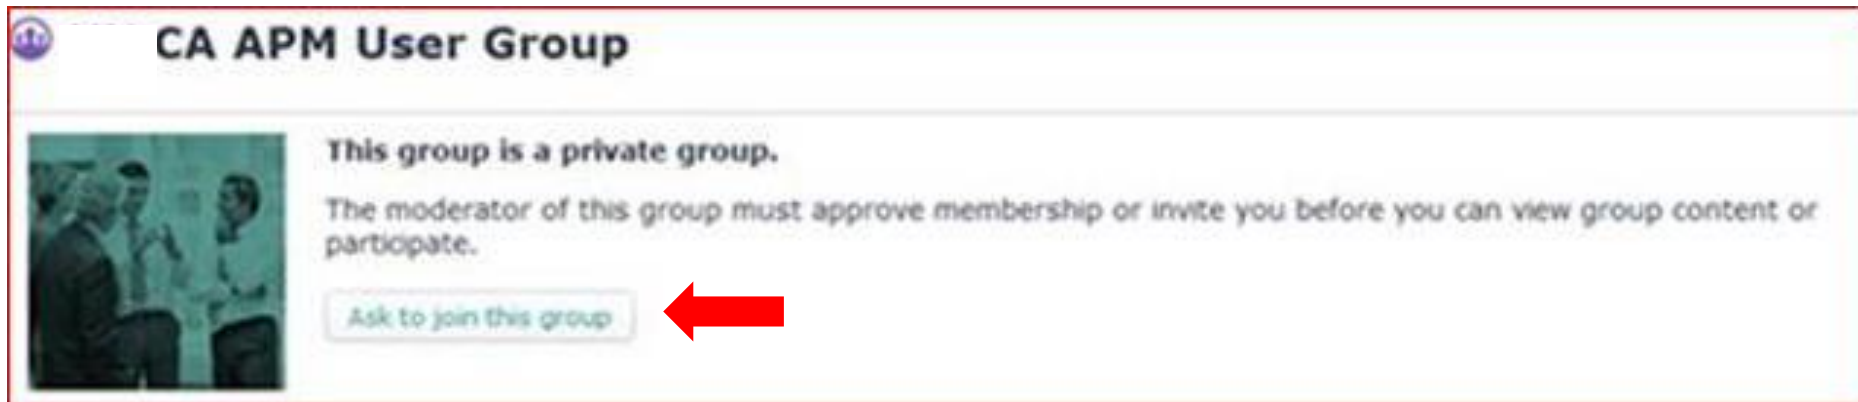

This guide is designed to help user group members in Europe get familiar with the CA Communities new platform. It is also intended to provide some Best Practices to help members get involved in their User Group activities & be active contributors.

How can I get involved with the User Group ?

1) Join the User Group to become member

1. <https://communities.ca.com/groups/france-ca-apm-user-group>
2. **Login** (email / password) - use your Support identification, or create an account
3. Click on **"Ask to join this group"**. Your request will be reviewed then Approved

2) Share your experience & knowledge

- **in-Person meetings** : User presentation, Roundtable discussions, ...

- **Online** : Click on '**Action**' to share a document or start a conversation ('**Discussion**') ..

The screenshot shows the 'France CA Identity Suite user group' page. At the top, there's a header with 'Following' and 'Actions' (circled in red). Below the header is a navigation bar with tabs: Overview, Activity, Content, Images, People, Reports, and Events. Under the 'Activity' tab, there are icons for Question, Discussion, Files, Document, and Event. A 'RECENT ACTIVITY' section shows a post by 'Abderrazzak Laabi' from 3 months ago. On the right, a dropdown menu is open from the 'Actions' button, showing options: CREATE, Question, Discussion (with a red arrow), Document, Files (with a red arrow), Event, and Invite members. At the bottom, there's a red icon and the text 'Invitation au Club utilisateurs CA Identity Suite - 22'.

3) Be active contributor

Get involved in the user group activities (as User Group member, or Board member)

- Make suggestions, ideas, Topics for the next UG meeting, ...
- Contribute to enhance the CA solution (Ideation ...)

Connecting with people

- 1) Click on **People** tab and use the sorting options to filter and find relevant people
- 2) Click on **Follow** tab on the bottom right
and choose whether to follow that user via your inbox or connections stream.
- 3) Click on **Message** tab on the bottom right to send private message

The screenshot displays a LinkedIn profile for Melanie Giuliani. The top navigation bar includes links for Home, News, Communities, Browse, Help, and Apps, along with a notification bell showing 50+ alerts, a profile picture, and a search icon. The profile header shows the name 'Melanie Giuliani' with a 'ca' badge. Below this, the title 'Community Programs Analyst' and company 'CA Technologies' are listed. The email 'giume03@ca.com' and last login 'November 19, 2015' are also visible. A large photo of two people skydiving is featured on the right. At the bottom, the 'Overview' tab is selected, and the 'Message' and 'Follow' buttons are highlighted with red circles. The 'Message' button is labeled with a red '3' and the 'Follow' button with a red '2'.

WISH-LISTED

Problem Statement: SmartStor grows. Performance of my EMs degrade. Using the SmartStor tools is a very long and painful process and does not give a good visibility of what one is actually doing.

I want a GUI to:

_Show metrics and their associated disk usage and sort those

_Show Agents and their associated disk usage and sort those

_Have the ability to enter agent and metric regexps, get a table as a result, being able to select rows and do a "delete all historical data older than X days".

Ideation : Benefits

- Enables transparency and turns enhancement requests into conversations
- Places context around the priority and value of an idea
- Maximizes the input of our customers into our development process
- Provides a timely decision for customers' ideas
- Keeps customers informed of decision and status changes
- Builds trust with our customers that we are building products based on open, transparent and collaborative process
