

OCTOBER 14-15

**ONUG FALL 2020** | Sponsored by **BROADCOM**

# INDUSTRY-FIRST AIOPS AND AUTOMATION

Powered by Silicon and Next-Gen Telemetry

Your complimentary **ONUG FALL 2020** pass is waiting for you

GET IT NOW >

## Hot Sessions

OCT 14 10:45AM EST

**Next-Gen Network Telemetry** powered by Silicon for Automated Triage and Reliable Application Delivery

OCT 14 1:00PM EST

**Proof of Concept (POC):** AI-Driven Real-Time Identification and Remediation of Network Congestion and Packet Loss

OCT 15 11:25AM EST

**ONUG Academy:** How to Gain Single Click Access to Multi-Vendor SD-WAN Health and Performance

You are personally invited to virtually attend **ONUG FALL 2020**, the industry's leading conference for enterprise cloud thought leaders and networking practitioners.

HERE ARE THE **TOP THREE** REASONS TO JOIN BROADCOM AT **ONUG FALL 2020**

1

**Learn** why leading Industry Analysts call our software-to-silicon integrations a differentiator in the market.

2

**Utilize** AIOps powered by next-gen silicon and telemetry for data-driven analytics that fuel self-healing and automated networks.

3

**Improve** application SLA monitoring with real-time insights from Broadcom's Inband Flow Analyser (IFA).

Your complimentary pass is waiting for you and your entire network operations team so don't delay...
