

General Availability of Symantec SiteMinder Application Server Agent for WebLogic 12.8

On behalf of Symantec, a Division of Broadcom, we appreciate your business and the opportunity to provide you with high quality, innovative software and services. As part of our ongoing commitment to customer success, we regularly announce updated releases and maintenance for our products.

We are pleased to announce the release of Symantec SiteMinder Agent for WebLogic 12.8.

This update includes new features, support for new operating systems, and upgrades of internal libraries.

For additional details please consult the documentation:

<https://techdocs-author.broadcom.com/content/broadcom/techdocs/us/en/symantec-security-software/identity-security/siteminder/12-8/siteminder-agent-for-oracle-weblogic-server-release-12-8.html>

The new version of this agent can be found here (solution #99111242) on this page:
