I Mainframe Insights for Senior Leadership

- Mainframe Insights for Senior Leadership (Formerly known as the Mainframe Executive Learning Program)
- We see a skills gap with Executives and Senior Leaders who are new to the mainframe as they are coming from the distributed world
- The **intended audience is Senior Leaders** new to the mainframe
- Topics are high level, a basic understanding of what executives and senior leaders need to know in the mainframe space
 - No deep dives
 - High-level topics
- Feel free to contact us for more information or if you know of someone who would benefit from this high-level training.
