The screenshot shows the CA Technologies website in a Microsoft Internet Explorer browser. The browser's address bar displays "http://www.ca.com". The website's navigation menu includes "login", "register", "My CA", and "united states - english". The main navigation bar features "products", "communities & insights", "services, education & support", "partners", and "contact". The main content area has a large blue banner with the text "can you overcome virtual stall and accelerate real results?" and "you can". To the right, there are four promotional tiles: "can you build a flexible IT supply chain?", "can you change the game?", "News" (with subtext "CA Technologies to acquire Arcot Systems, Inc."), and "Success" (with a photo of a woman).
